News From Our Prep School

Kinderworld International Prep School has been abuzz with activities during the academic Year 2022-2023. As Kinderworld fraternity, we believe we have continued to make incredible progress in all areas of learning. We may not have accomplished all we wish to but with steady strides, determination and positivity, we remain focused on an upward trajectory.

We have experienced a great level of versatility and creativity this year. We are delighted to inform you that we had our 'Aaha!' moments when we ventured on networking and building partnerships with other International schools. Learners under 7 and 11 years participated in friendly matches with Brookhurst International School where our learners exhibited their prowess and great sportsmanship when they trounced their opponents in both football and netball. Before the D-Day, the participants were enthusiastic, the eagerness to meet their opponents was palpable since this was definitely a test debut. We are looking forward

to participating in more activities which will be beneficial to creating more supportive and inclusive learning environment in and out of the classroom.

The second cohort class of Year 6 and KG3 (EYFS) 2022-2023, graduated at the end of the semester. We take the earliest opportunity to wish them best of luck on their next academic journey. CONGRATULATIONS to the 34 graduands for the exemplary performance in Check Point Examination!

News From Early Years Foundation Stage

In the Early Years Foundation Stage, we hold firm in our beliefs:

1. Each child is an individual, constantly learning and capable of resilience, confidence, and self-assurance.
2. Positive relationships foster children's strength and independence.
3. Enabling environments, tailored to each child's needs and established through a strong partnership between practitioners and parents or carers, facilitate optimal learning and development.
4. Children progress and learn in diverse ways and at varying paces. Our educational and care provision encompasses all children in their early years.

Our journey began humbly, but it quickly became apparent that our establishment was a true home away from home. The initial screams and yells transformed into peaceful afternoon naps in comfortable beds. Within a short span, children learned to take turns, mastered phonics, and progressed to reading increasingly complex words. Our approach focuses on nurturing their thinking

abilities rather than imposing specific thoughts. We offer a holistic and balanced curriculum, where hands-on activities prevail.

Our learners firmly believe that they can surpass all limits and soar to great heights. To foster their holistic development, we successfully organized various co-curricular events. Culture day reduced stress and enhanced fitness while boosting confidence for both pupils and parents. Sports day aimed to promote physical well-being and instill a sense of accomplishment. During career day, our learners interacted with professionals from different fields, broadening their horizons. The country life event embraced a cowboy and cowgirl dress code, fostering a sense of adventure. Lastly, our Mother's Day celebration was a heartwarming occasion that made our amazing mothers feel deeply appreciated. These events contributed to the overall growth of our students.

We extend our heartfelt gratitude to the senior management, led by our capable directors, for their unwavering support of all the scheduled events. Special thanks go to our esteemed parents, whose constant support has been invaluable. We also acknowledge the exceptional cooperation of our experienced staff members, whose dedication has not gone unnoticed.

Looking ahead, we eagerly anticipate a bigger, better, and more exciting year in 2022-2023.

Mrs. Grace Kimani.

Breaking Barriers, Building Bridges

Education is a collaborative effort, involving not only teachers and students but also parents who play a pivotal role in shaping the learning environment. The game served as a reminder that sometimes, in the midst of our busy lives, it's essential to take a moment to immerse ourselves in the simplicity of play and reconnect with the joy it brings.
